Photographic Memory: A Graphic Biography

WILLIAM HENRY JACKSON AND THE AMERICAN WEST

● WRITTEN AND ILLUSTRATED BY BILL GRIFFITH

Legendary cartoonist Bill Griffith brings a personal touch to this graphic novel history of his great-grandfather, William Henry Jackson—a pioneering photographer of the American West

In his new graphic biography, legendary cartoonist Bill Griffith, creator of *Zippy the Pinhead*, tells the story of his namesake and great-grandfather, William Henry Jackson, who was one of the first photographers of the American West.

Jackson's photography spurred Americans to move westward, inspiring photographers such as Ansel Adams, and playing a role in the creation of our national parks, including Yellowstone. Using his unique approach to graphic novel biography, which *Kirkus* hails as setting a "standard" for the medium, Griffith explores every aspect of his great-grandfather's life and legacy, which he pulls from family letters, diaries, and anecdotes, primary sources, and the archives of the New York Public Library and the Library of Congress, as well as from the more than 25 books written about Jackson and his work.

Like all of Griffith's biographies, *Photographic Memory* is a thoroughly researched, sharply observant character study written from a place of love, which explores photography in an illustrated medium. Not an easy trick to pull off—unless you are Bill Griffith.

Bill Griffith is the creator of the syndicated daily comic strip *Zippy*. On our ComicArts list, he is the author of *Nobody's Fool: The Life and Times of Schlitzie the Pinhead* and *Three Rocks*, the critically acclaimed, Eisner Award-winning biography of Ernie Bushmiller. Griffith's prolific output has been included in such publications as the *Village Voice*, *National Lampoon*, and *The New Yorker*. Griffith is also credited in *Bartlett* for coining the popular phrase, "Are we having fun yet?" He lives in Hadlyme, Connecticut.

Red Dirt Witch

A GRAPHIC NOVEL

- BY N. K. JEMISIN, ADAPTED BY KINITRA BROOKS, ILLUSTRATED BY ASHLEY A. WOODS AND ALITHA E. MARTINEZ

A graphic novel adaptation of #1 *New York Times* bestselling author N. K. Jemisin's acclaimed short story *Red Dirt Witch*

In this graphic novel adaptation of #1 *New York Times* Bestseller N.K. Jemisin's short story, *Red Dirt Witch*—featured in the 2018 short story collection *How Long 'Til Black Future Month?*—we are introduced to Emma, a single Black mother of three in a backwater Alabama town in segregated 1940s America. In this alternative universe, magic and faeries exist, and Emma must use her Afrocentric cultural magicks against a supernatural force that wants to enslave her daughter, Pauline. Jemisin infuses this world with the magic, complexity, and power of oral Black folklore that have become trademarks of her work in trilogies like *The Broken Earth* and *Inheritance*.

Red Dirt Witch has been expertly adapted into the graphic novel format by writer Kinitra Brooks and illustrators Ashley A. Woods and Alitha Martinez. They have translated Jemisin's powerful prose into a stunning visual story of family and sacrifice. A heartbreaking reminder of the many injustices that Black mothers still have to endure in our country to ensure a better future for their children, this story will resonate with readers everywhere.

Middle Passage

A GRAPHIC NOVEL ADAPTATION

- ADAPTED BY REGINALD HUDLIN, ILLUSTRATED BY DENYS COWAN AND DON HUDSON

A graphic novel adaptation of Charles Johnson's National Book Award-winning American classic *Middle Passage*, weaving intensely researched history of the American slave trade and speculative fiction with traditions of classic adventure tales

A riveting and raw parable of the Black experience in America, this graphic novel adaptation of Charles Johnson's National Book Award-winning novel, *Middle Passage*, tells the story of the recently freed slave turned thief Rutherford Calhoun. Living the life of a petty thief in 1830 New Orleans does not come without its risks. After building up an almost insurmountable amount of debt to Papa Zeringue, Rutherford's chances of escaping the notorious creditor are slim to none. That is, unless he agrees to marry a Boston schoolteacher who's convinced Papa she'll pay the debt in exchange for Rutherford's hand in marriage.

Instead of swallowing his pride and taking the walk down the aisle, Rutherford stows away on a ship called *The Republic*. Unbeknown to him, this ship happens to be headed to Africa to capture the mystical Allmuseri tribe and bring them back to America to sell as slaves. Adapted by Reginald Hudlin and illustrated by Denys Cowan and Don Hudson, the part speculative fiction, part action-adventure story that unfolds is one of harrowing depths, exploring the cruelty and resilience of the human spirit.

Dr. Charles Johnson, University of Washington (Seattle) professor emeritus and the author of 27 books, is a novelist, philosopher, essayist, literary scholar, short story writer, cartoonist and illustrator, an author of children's literature, and a screen-and-teleplay writer based in Chicago. A MacArthur fellow, Johnson has received a 2002 American Academy of Arts and Letters Award for Literature, a 1990 National Book Award for his novel *Middle Passage*, a 1985 Writers Guild award for his PBS teleplay *Booker*, the 2016 W.E.B. Du Bois Award at the National Black Writers Conference, and many other awards. In February 2020, Lifeline Theater in Chicago debuted its play adaptation of *Middle Passage*. **Reginald Hudlin** is an American film screenwriter, director, and producer based in Los Angeles. He and his older brother and creative partner Warrington Hudlin are known as the Hudlin Brothers. From 2005 to 2008, Hudlin was president of entertainment for Black Entertainment Television (BET). Hudlin has also written numerous graphic novels. He co-produced the 88th Academy Awards ceremony in 2016 as well as other TV specials. Hudlin's breakout film was 1990's *House Party*, and he worked as a producer on Quentin Tarantino's 2012 film, *Django Unchained*, which earned him an Academy Award nomination for Best Picture. Hudlin is also an extremely accomplished comic book and graphic novel writer and creator. This includes a groundbreaking run on Marvel's Black Panther character. **Denys B. Cowan** is an American comics artist, television producer, and one of the cofounders of Milestone Media. Based in Los Angeles, Cowan gained prominence as the primary artist on *The Question*, a comic book series written by Dennis O'Neil and published by DC beginning in February 1987. Cowan cofounded Milestone Media in 1993 with McDuffie, Michael Davis, and Derek Dingle, and later worked as a producer on the animated series *Static Shock*, based on the Milestone character. As senior vice president of animation at BET, Cowan was responsible for the creation, development, and production of animated programming for the entire network, including the cultural phenomenon *The Boondocks*. **Don Hudson** started his life in comic art and illustration as a high school intern, learning from established, older professionals to become skilled draftsman. After 30 years in the business, he has worked in advertising, on Broadway—*Jersey Boys*—and drawn thousands of pages of comic book art for Marvel, DC, Image, and Zuiker Press. He is based in Los Angeles. Want to know more? Please visit attackatdon.blogspot.com.

SELLING POINTS

A-LIST TEAM: Having served on the Pulitzer Prize and National Book Award committees numerous times, Charles Johnson is a beloved and highly decorated figure in literary circles. Denys Cowan, the cofounder of comic book publisher Milestone Media, has a reputation of legendary status in the comics industry. Reginald Hudlin is a major director, writer, and producer with movie classics such as *Django Unchained* under his belt. And Don Hudson has decades of experience in illustrating for major comic publishing houses.

ACCESSIBILITY: *Middle Passage* has the potential to expand its audience via the visual medium of graphic novels. Printing in hardcover (978-1-4197-5199-8) and trade paperback (978-1-4197-5200-1) simultaneously offers a lower price point for potential buyers while also retaining profitability in the library market.

ACADEMIC MARKET APPEAL: Johnson and Megascope curator John Jennings have deep connections in academia.

A FRESH ADDITION TO CANON: *Middle Passage* goes against the trend of books about American slavery depicting Black Americans as those without agency and lacking interiority. A story of a selfish man swept up in the transatlantic slave trade, *Middle Passage* gives dignity and nuance to a group of people who have been dehumanized for centuries.

The Essential Peanuts

THE GREATEST COMIC STRIP OF ALL TIME

- WRITTEN BY MARK EVANIER; ILLUSTRATED BY CHARLES M. SCHULZ; INTRODUCTION BY PATRICK MCDONNELL; FOREWORD BY JEAN SCHULZ

The only 75th anniversary book on the market celebrating *Peanuts* and the life, art, and legacy of Charles M. Schulz, written by Mark Evanier, presented in a deluxe package that includes unique bonus inserts

“Not many cartoons live into the next generation, and that probably is the best definition of art, isn't it? Does it speak to succeeding generations? Real art, real music, real literature, speaks to succeeding generations.”— **Charles M. Schulz**

Seventy-five years after the first *Peanuts* strip made its debut on October 2, 1950, the beloved comic strip and its iconic characters remain a touchstone for generations around the world. From cultural milestones such as the introduction of Franklin (the first Black character in a major syndicated newspaper strip) to NASA's Apollo 10 lunar and command modules being named after Charlie Brown and Snoopy, to the classic holiday specials that have aired on national television annually, to the modern-day animated movies and iPhone shorts and the Gen Z phenomenon of Snoopy Girls, *Peanuts* has a lasting influence that few works of art or literature can claim.

Written by Mark Evanier, this will be the only book commemorating the 75th anniversary of *Peanuts*, examining Schulz's most iconic comic strips, placing each one in its broader historical and cultural context.

Charles M. Schulz (1922–2000) was the legendary cartoonist and creator of the iconic comic strip *Peanuts*. A *Charlie Brown Christmas* (1965) and *It's the Great Pumpkin, Charlie Brown* (1966) are two of the most successful animated television specials of all time, winning multiple Emmy and Peabody Awards. His archives are located at the Charles M. Schulz Museum in Santa Rosa, California. **Mark Evanier**, an award-winning writer and historian, has written more than 500 comics for Gold Key, DC Comics, and Marvel Comics; several hundred hours of television (including *Garfield*); and is the author of several books including *MAD Art* and *Kirby: King of Comics*. He has three Emmy Award nominations, and received the Lifetime Achievement Award for animation from the Writers Guild of America. He lives in Los Angeles. **Chip Kidd** is a graphic designer and writer, as well as vice president and art director at Knopf and editor at large for graphic novels at Pantheon. Hirschfeld's Sondheim

A POSTER BOOK

- BY DAVID LEOPOLD; ART BY AL HIRSCHFELD; INTRODUCTION BY BERNADETTE PETERS; FOREWORD BY BEN BRANTLEY

For the first time ever, Al Hirschfeld's iconic artwork is available at an affordable price point in this oversize poster book featuring 25 removeable, ready-to-frame posters showcasing the works of Stephen Sondheim

Al Hirschfeld drew his first Sondheim show in 1957—*West Side Story*. Since then, in his iconic, illustrative style, Hirschfeld captured almost all of Sondheim's Broadway shows and several films featuring the composer's songs and scripts. Sondheim was a Hirschfeld collector, acquiring drawings directly from the artist and through his friends and collaborators like Hal Prince.

This first volume in a series of deluxe Hirschfeld poster books contains 25 pieces of his art of each of Sondheim's productions. These images capture the essence of the performances even better than the photographs of the shows. All of Sondheim's best-known musicals are included—*West Side Story*, *Follies*, *Sweeney Todd*, and *Sunday in the Park with George*—in 25 ready-to-frame, removable art prints. On the reverse side—rare, ancillary images from the Hirschfeld archives, as well as an introduction by Bernadette Peters, a foreword by Ben Brantley, and revealing text by David Leopold.

Al Hirschfeld's (1903–2003) art stands as one of the most innovative efforts in establishing the visual language of modern art through caricature in the 20th century. A self-described "characterist," his signature work appeared in virtually every major publication over nine decades (including a 75-year relationship with the *New York Times*) as well as numerous book and record covers and 15 postage stamps. Just before his death in January 2003, he learned he was to be awarded the Medal of Arts from the National Endowment of the Arts and inducted into the Academy of Arts and Letters. The winner of two Tony Awards, Hirschfeld was given the ultimate Broadway accolade when the Martin Beck Theater was renamed the Al Hirschfeld Theater. David Leopold is an author and curator based in New York City who has organized exhibitions for institutions worldwide including the Library of Congress, the New York Public Library for the Performing Arts, and the Victoria and Albert Museum in London, among others. He is Creative Director of the nonprofit Al Hirschfeld Foundation, authored multiple books on Hirschfeld, and co-hosts the *Hirschfeld Century Podcast*.

The TOON Treasury of Classic Children's Comics

- EDITED BY ART SPIEGELMAN AND FRANÇOISE MOULY; INTRODUCTION BY JON SCIESZKA

Originally published in 2009 and now back in print, for the first time, a collection of the greatest children's comics, compiled by Art Spiegelman and Françoise Mouly, in a format modeled after the bestselling children's book anthology *The 20th Century Children's Book Treasury: Picture Books and Stories to Read Aloud*.

The TOON Treasury of Classic Children's Comics is an unprecedented collection of the greatest comics for children, artfully compiled by two of the best-known creators in publishing and the field of comics—Art Spiegelman and Françoise Mouly.

This treasury created for young readers focuses on comic books, not comic strips, and contains humorous stories that range from a single page to eight or even twenty-two pages, each complete and self-contained. The comics have been culled from the Golden Age of comic books, roughly the 1940s through the early 1960s, and feature the best examples of works by such renowned artists and writers as Carl Barks, John Stanley, Sheldon Mayer, Walt Kelly, Basil Wolverton, and George Carlson, among many, many others.

The book is organized into five categories (Hey, Kids!; Funny Animals; Fantasyland; Story Time!; and Wacky & Weird), and Spiegelman and Mouly have used their expertise to frame each category with an introductory essay, and provide brief biographies of the artists. *The TOON Treasury of Classic Children's Comics* is essential reading for kids of all ages.

Art Spiegelman is an American comics writer, artist, and editor. He is the creator of *Wacky Packages* and *Garbage Pail Kids* for Topps, and is best known for his Pulitzer Prize-winning graphic novel memoir, *Maus*. **Françoise Mouly** is an artist and designer. Together with Art Spiegelman she edited the groundbreaking comics anthology *Raw* from 1980 to 1991. She has been the art editor for the *New Yorker* since 1993, and the former publisher of TOON Books. **Jon Scieszka** was the very first National Ambassador for Young People's Literature. He is the author of numerous bestsellers including *The Stinky Cheese Man*, which won a Caldecott Honor medal; the founder of Guys Read (guysread.com), a nonprofit literacy organization; as well as our own Frank Einstein series on the Amulet list.

SELLING POINTS

RENOWNED EDITORS: Art Spiegelman and Françoise Mouly are two of the most influential and respected creators/editors in comics and in publishing.

THE FIRST COLLECTION OF CHILDREN'S COMICS: This was the first time that children's comics were collected in an anthology of this scope, and it set the bar for how comics could be collected. At the time we first published this book, there were very few archival comics collections. Now reprints of classic material are a backlist staple for most comics publishers.

LIBRARY MARKET APPEAL:

Given the impressive package, *The TOON Treasury of Classic Children's Comics* is a valuable resource for comics readers of all ages and an important book for any library, much like the *Betty Crocker Cookbook* is an evergreen title on everyone's bookshelf, passed along or given as a gift from one generation to the next.

Garbage Pail Kids: 40th Anniversary Edition

- BY THE TOPPS COMPANY; INTRODUCTION BY ART SPIEGELMAN; AFTERWORD BY JOHN POUND

Originally published in 2012 and now back in print for the 40th anniversary, the cards you loved as much as your mom hated them—the Garbage Pail Kids—collected in one comprehensive, beautifully designed package!

Praise for *Garbage Pail Kids*

"There's a lot of interesting stuff in Spiegelman's intro, and in the afterword by John Pound, the artist who originated and drew the bulk of the Kids. But the real reason to buy this book is for the graphic brilliance of the art itself."

—*Boston Phoenix*

Garbage Pail Kids, a series of collectible stickers produced by Topps, were designed to parody the overly saccharine Cabbage Patch Kids, a toy doll fad in the 1980s. This outrageous series was the brainchild of legendary cartoonist Art Spiegelman, who, in collaboration with artists Mark Newgarden, John Pound, Tom Bunk, Jay Lynch, and James Warhola, created a pop-culture phenomenon. *Garbage Pail Kids* features all 206 rare and hard-to-find images from Series 1 through 5, as well as a set of four all-new bonus stickers created especially for the 40th anniversary. One of the backlist staples of the ComicArts list, *Garbage Pail Kids* is guaranteed to appeal to die-hard collectors as well as a new generation of fans.

The Topps Company, Inc., founded in 1938, is the preeminent creator and brand marketer of sports cards, entertainment products, and distinctive confectionery. **Art Spiegelman** is an American comics writer, artist, and editor best known for his Pulitzer Prize-winning graphic novel memoir, *Maus*. **John Pound** began his art career by drawing underground comix, and was one of a handful of creators who started the San Diego Comic-Con. He has painted art prints, book covers, comic covers, posters, skateboards, trading cards, and hundreds of Garbage Pail Kids and Wacky Packages stickers for Topps.

Three Rocks

THE STORY OF ERNIE BUSHMILLER: THE MAN WHO CREATED NANCY

● BY BILL GRIFFITH

From Bill Griffith, the acclaimed creator of *Zippy the Pinhead*, comes a history of comics as told through the life story of Ernie Bushmiller and his iconic comic strip *Nancy*

From Bill Griffith, creator of *Zippy the Pinhead* and *Nobody's Fool*, comes *Three Rocks*, a biography of cartoonist Ernie Bushmiller, creator of the iconic comic strip *Nancy*. But this graphic novel is about more than a single comic book artist. It is the story of this American art form, tracing its inception in 1895 with the *Yellow Kid*, the creation of *Nancy* in 1933, and all the strips that followed, including *Peanuts* and *The Far Side*. When Bushmiller died in 1982, *Nancy* was running in almost 900 daily newspapers—a number few syndicated cartoonists ever achieve.

Nancy is hailed as the “perfect” comic strip by fans and cartoonists alike. The title *Three Rocks* refers to the trope of three hemispherical rocks often seen in a Bushmiller landscape—just enough to communicate environment to the reader. This distillation is exemplary of the iconic, diagrammatic look of *Nancy*, a comic strip about the nature of what it means to be a comic strip—the perfect avatar for Griffith to expand upon his philosophy of creating comics.

Bill Griffith is the creator of the syndicated daily comic strip *Zippy* and the author of *Nobody's Fool: The Life and Times of Schlitzie the Pinhead*. Griffith's prolific output has been included in such publications as the *Village Voice*, *National Lampoon*, and *The New Yorker*. According to Bartlett, Griffith coined the popular phrase, “Are we having fun yet?” He lives in Hadlyme, Connecticut.

Praise for *Three Rocks*

“As the widest-ranging cartoon chronicler of American absurdity in our time, Bill Griffith has topped himself. This is an instant comic-strip classic!” —Matt Groening

“For many years, I've devoured Bill Griffith's work. It's always inspiring and engrossing. As it never fails to do, Griffith's brilliance and consummate drawing chops shine through. *Three Rocks* is amazing!” —Emil Ferris

“A page-turning, standard-setting, must-have work of biographical art.” —Chris Ware

AUTHOR: Griffith's previous graphic novel, *Nobody's Fool* (Abrams ComicArts, spring 2019) received starred reviews from *Booklist* and *Publishers Weekly*.

DICTIONARY DEFINITION:

The American Heritage Dictionary defines “comic strip” as “a narrative series of cartoons,” and illustrates this with a “Nancy” cartoon. An eye-tracking survey by the syndicates determined that *Nancy* was the first strip most people viewed on a newspaper comics page.

UNTOLD HISTORY: In *Three Rocks*, Bill Griffith paints a compelling history of both Ernie Bushmiller and of the oft-forgotten culture of newspaper comics of that era which both shaped his career and held a mirror to society.

Kent State

FOUR DEAD IN OHIO

● BY DERF BACKDERF

From Derf Backderf, the bestselling author of *My Friend Dahmer* and *Trashed*, comes the tragic and unforgettable story of *Kent State*—winner of the Eisner Award for Best Reality-Based Book—now in paperback

"MY GOD! THEY'RE KILLING US!"—freshman Ron Steele, *Newsweek*, May 18, 1970

On May 4, 1970, the National Guard gunned down unarmed college students protesting the war in Vietnam at Kent State University in Ohio. In a deadly barrage of 67 shots, four students were killed and nine wounded. It was the day America turned guns on its own children—a shocking event burned into our national memory. A few days prior, ten-year-old Derf Backderf saw those same guardsmen patrolling his nearby hometown, sent in by the governor to crush a trucker strike. Using the journalism skills he employed on *My Friend Dahmer* and *Trashed*, Backderf has conducted extensive interviews and research to explore the lives of those four days in May when the country seemed on the brink of tearing itself apart. *Kent State: Four Dead in Ohio*, first published in time for the 50th anniversary of the tragedy and now in paperback, is a moving and troubling story about the bitter cost of dissent—as relevant today as it was in 1970.

Derf Backderf is the bestselling and award-winning author of *My Friend Dahmer*, *Trashed*, *Punk Rock and Trailer Parks*, and *Kent State*, and is the recipient of the prestigious Robert F. Kennedy Journalism Award for political cartooning. His weekly comic strip, *The City*, ran for nearly 25 years and appeared in more than 140 newspapers. He lives in Ohio.

Praise for *Kent State*

* "An excellent graphic retelling of a climactic moment in American history. Backderf's vivid, evocative book does a splendid job of keeping their memories alive."

What's Wrong?

PERSONAL HISTORIES OF CHRONIC PAIN AND BAD MEDICINE

● BY ERIN WILLIAMS

A gorgeously illustrated critique of how the American healthcare system fails women, people of color, and nonbinary individuals—perfect for fans of *Invisible Women*

“A humane and gripping work that illuminates how (and why) our treatments of chronic illness fail, and a devastating portrait of the ways our society fails to protect the bodies of its most vulnerable members.” *Melissa Febos, author of Girlhood, winner of the National Book Critics Circle Award*

WHAT'S WRONG? is author, illustrator, and scientific researcher Erin Williams's graphic exploration of how the American health-care system fails us. Focusing on four raw and complex firsthand accounts, plus Williams's own story, this book examines the consequences of living with interconnected illnesses and conditions like:

- immunodeficiency
- cancer
- endometriosis
- alcoholism
- severe depression
- PTSD

Western medicine, which intends to cure illness and minimize pain, often causes more loss, abuse, and suffering for those Americans who don't fit within the narrow definition of who the system was built to serve—cis, white, heterosexual men. The book explores the many ways in which those receiving medical care are often overlooked, unseen, and doubted by the very clinicians who are supposed to heal them. WHAT'S WRONG? is also a beautiful celebration of nontraditional modes of healing, of how we become whole *not because* of healthcare but *despite* it.

Erin Williams is the author and illustrator of *Commute: An Illustrated Memoir of Female Shame* and the coauthor and illustrator of *How to Take Care: An A–Z Guide of Radical Remedies* and the Big Activity Book series. She has more than a decade of experience in data analysis and scientific research. She lives in New York with her spouse, child, and an array of pets.

CRITICAL TOPIC: With *Roe v. Wade* being overturned and fears of not having access to safe healthcare opportunities, this book is more important now than ever as it investigates how minorities are disregarded, ignored, and lost in today's American healthcare system.

Drafted

AN ILLUSTRATED MEMOIR OF A VETERAN'S SERVICE DURING THE WAR IN VIETNAM

● BY RICK PARKER

The long-awaited graphic novel memoir from cartoonist Rick Parker about his time in the United States Army, when he was drafted to serve during the Vietnam War

Praise for *Drafted*

"Rick Parker's remarkable graphic novel *Drafted* is a painfully honest, funny, and often troubling account of his time in the U.S. Army during the Vietnam War. Engaging, insightful and wonderfully drawn . . . a fascinating read." —Derf Backerf, *My Friend Dahmer, Trashed, and Kent State*

"Rick Parker went through basic training a few years before I did, but man, everything in his graphic novel rings true and clear. This is observational graphic storytelling at its best. If you've never been in the service, this will be an eye-opener, and if you are a vet, this will trigger some long-forgotten memories." —Larry Hama, *G.I. Joe, The 'Nam*, and Vietnam Veteran

"Parker brings all of his expertise to bear; all of his humor, empathy, and humanity, and his sense of right and wrong. *Drafted* is his magnum opus." —James Romberger, *7 Miles a Second*

Drafted is a graphic novel memoir by Rick Parker, a shy, inexperienced, and overly protected teenager who gets drafted into the United States Army at the height of the Vietnam War. The looming threat of deployment informs every aspect of his life, from the most ludicrous experiences to the grimmest tests of endurance. Initially determined to do his patriotic duty, Parker gradually comes to the realization that he is just not cut out for a military career and wants nothing more than to serve his time and return to civilian life to pursue his dream of becoming an artist. In telling this story, he shows how Vietnam was the last war in the United States that instituted the draft; how the draft affected those who served; and how we as Americans think of war and our soldiers once they return from service. Parker also shows how being an artist helped him to survive his time in the army. *Drafted* is a compelling and unique graphic novel memoir, perfect for fans of Joe Sacco and Derf Backderf, and is sure to appeal to Parker's dedicated followers and new fans alike—already proven by the response to the award-winning short film *Rick Parker, I'm Afraid*.

Rick Parker is a letterer and cartoonist and the artist of the MTV *Beavis and Butt-Head* comic book series published by Marvel Comics. He is also the illustrator of the *Ghoulunatics* and a series of parody comics for Papercutz, which includes titles such as *Diary of a Stinky Dead Kid*, *Harry Potty and the Deathly Boring*, *Breaking Down* (a *Twilight* Saga parody), *Percy Jerkson and the Ovolactovegetarians*, *The Hunger Pains*, and *The Farting Dead*. He lives in Falmouth, Maine.

SELLING POINTS

ESTABLISHED CREATOR: Parker has been a veteran of the comics industry for 50 years. *Drafted* is the first graphic novel he has both written and illustrated.

RELEVANT TOPIC: Fewer and fewer people are enlisting in the military these days. Given recent discussions in the media around the draft and how Americans think of the Vietnam War and our ongoing military involvement overseas, this is the perfect book for classroom discussion.

HUMOROUS APPROACH: The darker themes and topics are balanced with moments of humor, showcasing Parker's unique voice.

MOVIE ADAPTATION: In 2021, the short film *Rick Parker, I'm Afraid* was released and won first place at Sundance Collab, a digital space for independent artists from all over the world. It was director Shannon Meserve's first film, and is currently being expanded into a feature documentary.

We Are Not Strangers

A GRAPHIC NOVEL

● BY JOSH TUINGA

Inspired by a true story, this graphic novel follows a Jewish immigrant's efforts to help his Japanese neighbors while they are incarcerated during World War II

Marco Calvo always knew his grandfather, affectionately called Papoo, was a good man. But when Papoo peacefully passes away, Marco is surprised to see among his close family and friends are mourners he doesn't recognize—Japanese American families. How did these strangers know his grandfather so well?

Set in the multicultural Central District of Seattle during World War II and inspired by author Josh Tuinga's family experiences, *We Are Not Strangers* explores a unique situation of Japanese and Jewish Americans living side by side in a country at war. Following Papoo's perspective, we learn of his life as a Sephardic Jewish immigrant and his friendship with Sam Akiyama, a Japanese man whose life is upended by Executive Order 9066, which authorized the incarceration of nearly all Japanese Americans and residents of Japanese ancestry. Determined to keep Sam's business afloat while he and his family are unjustly imprisoned, he and Papoo create a plan that will change the Akiyama's lives forever.

An evocative and beautifully illustrated historical fiction graphic novel revealing the truth of one man's extraordinary efforts, *We Are Not Strangers* converges two perspectives into a single portrait of a community's struggle with race, responsibility, and what it truly means to be an American.

Josh Tuinga is an author, artist, and designer living in North Bend, Washington. After studying fine art at the School of the Art Institute of Chicago, he founded an art and design agency, where he continues to work as its creative director. Tuinga is the author of two children's books: *Why Blue?* (Xist Publishing, 2014) and *Dream On* (Indiegogo campaign, 2019). *We Are Not Strangers*, which has been awarded a 4Culture Heritage Grant, is his first graphic novel.

Praise for *We Are Not Strangers*

"A powerful book about advocating for friends and neighbors during times of great division. An important addition to literature about the internment of Japanese Americans during World War II." —Kazu Kibuishi, author of the *Amulet* series

"*We are Not Strangers* inspires readers to treat fellow human beings with fairness and dignity. Tuinga wonderfully succeeds in showing and telling a real story with real people in a real time." —Sharon Hashimoto, author of *The Crane Wife* and *More American*

SELLING POINTS

POPULAR THEMES: *We Are Not Strangers* showcases universal themes of community, lost history, and social responsibility, which are subjects now more crucial than ever. The treatment of Japanese–American people during World War II, in particular, is a subject that has experienced a resurgence of public interest and discussion in recent years.

UNIQUE PERSPECTIVE: Told from the point of view of a Jewish immigrant, Tuinga reveals a completely new and untold side of the internment of Japanese–Americans during World War II.

TOPICAL: As the issues of racist law making and displacement remain all too relevant, *We Are Not Strangers* sheds a spotlight on how one man's actions can change the course of history for a community.

EDUCATIONAL CONTENT: The book includes a foreword by celebrated author and Seattle resident Ken Mochizuki, an afterword by noted scholar Devin Naar, and back matter that adds depth and context.

Always Matt

A TRIBUTE TO MATTHEW SHEPARD

- FOREWORD BY JASON COLLINS; WRITTEN BY LESLÉA NEWMAN; ILLUSTRATED BY BRIAN BRITIGAN

A poignant tribute to the life of Matthew Shepard and his legacy in the fight for LGBTQ+ rights, published on the 25th anniversary of the formation of the Matthew Shepard Foundation

"Loud and long expressions of gratitude and praise to Lesléa and Brian for showing Matt as he truly was: someone who was gentle and kind, accepting everyone at face value, always wanting to make a new friend, and who had plans to make the world a better place for everyone." —Judy and Dennis Shepard

On the night of October 6, 1998, in Laramie, Wyoming, Matthew Shepard was kidnapped, beaten, tied to a fence, and left to die by two men who committed this horrendous hate crime simply because Matt was gay. This brutal, shocking murder became a rallying cry for the LGBTQ+ rights movement, inspiring the Matthew Shepard and James Byrd Jr. Hate Crimes Prevention Act.

With lyrical prose and spare, poignant drawings, *Always Matt* is a moving tribute that celebrates Matt's life and legacy, and a call for a brighter future that upholds the dignity and equality of all people. Twenty-five years after the creation of the Matthew Shepard Foundation, which dedicates its mission to erasing hate, Matt's story needs to be told to every generation.

Jason Collins is a former professional basketball player who was a center for 13 seasons and also the first openly gay, active player in the NBA. He lives in Los Angeles. **Lesléa Newman** is the author of 80 books for readers of all ages including the novel-in-verse *October Mourning: A Song for Matthew Shepard* and the children's classic *Heather Has Two Mommies*. Her awards include the Matthew Shepard Foundation Making a Difference Award, a National Endowment for the Arts Poetry Fellowship, two Stonewall Honors, two National Jewish Book Awards, and a Massachusetts Book Award. Ronan and the Endless Sea of Stars

A GRAPHIC MEMOIR

● BY RICK LOUIS, ILLUSTRATED BY LARA ANTAL

A graphic novel memoir recounting one parent's unique and wrenching journey caring for a child with a terminal diagnosis

When Rick and Emily's infant son Ronan is diagnosed with Tay–Sachs, an incurable neurological disorder, they are faced with the practical and emotional hurdles of parenting and loving their son—despite the shadow of inevitable loss. Rick Louis narrates this original graphic memoir, with illustrator Lara Antal translating the space that Ronan occupies before, during, and after his life, using flights of fancy and imagination to express the bizarre, heartbreaking, and sometimes even silly reality of human beings suddenly trapped in an impossible situation.

Ronan and the Endless Sea of Stars is a graphic memoir for fans of Liana Finck's *Passing for Human* and Tom Hart's *Rosalie Lightning*, which was a Goodreads Choice Award semifinalist, Amazon Best Book of 2016, on the *Washington Post's* Best Graphic Novels of 2016 list, and one of *Publishers Weekly's* 100 Best Books of 2016.

Ronan and the Endless Sea of Stars is a story of warmth and of heartbreak—about finding joy in life, no matter how long or short that life might be.

Rick Louis was born in New York City and raised by *Star Trek*. After college and a year on the road as a circus roustabout, he managed to get a couple of plays produced off–off–Broadway. Relocating to Los Angeles, he worked as a writer on movie scripts and sketch comedy. As a tattooed vegan on a bike, he eventually moved to Portland, Oregon, where he works as a freelance writer and editor. **Lara Antal** is an artist who loves black humor, black coffee, and colorful characters. Her work has appeared in places like the *Washington Post* and the *Skimm*, and has been featured in the *Wall Street Journal*, WNYC–NPR, the Huffington Post, Bustle, and more. She currently resides in Brooklyn with her almost–toothless chihuahua, Chuck.

Praise for *Ronan and the Endless Sea of Stars*

"I found it a deeply affecting work. An honest and unsentimental account of a family's tragedy. The book charts Rick Louis' struggle to find the tiniest amounts of solace in this devastating event, and his ultimate belief that every second he spent with his son was life–affirming. He finds light in the darkest of places, and that is a message we can all learn from." —Darryl Cunningham, creator of *Putin's Russia: the Rise of a Dictator*, and *Billionaires: The Lives of the Rich and Powerful*

SELLING POINTS

GRAPHIC MEMOIR: This genre has proven to have staying power with ongoing sales of graphic novels such as *Mom's Cancer*, *The Best We Could Do*, and *My Friend Dahmer*.

FINDING JOY: Louis stresses that this is not just a record of his son Ronan's death. It is about the love and joy of a life that was shorter than most.

STORIES OF RESILIENCE: Tom Hart's *Rosalie Lightning* and Liana Finck's *Passing for Human* tell similar stories of human resilience and have become classics of the graphic novel medium.

TWO POINTS OF VIEW: The author's ex–wife, Emily Rapp Black, has shared her experience of Ronan's story in her prose collection *The Still Point of the Turning World* (2013) and *Sanctuary: A Memoir* (2021).

M Is for Monster

A GRAPHIC NOVEL

● BY TALIA DUTTON

A scientist attempts to bring her younger sister back to life with unexpected results in this Frankenstein–inspired graphic novel about ghosts, identity, and family

When Doctor Frances Ai's younger sister Maura died in a tragic accident six months ago, Frances swore she would bring her back to life. However, the creature that rises from the slab is clearly *not* Maura. This girl, who chooses the name "M," doesn't remember anything about Maura's life and just wants to be her own person. However, Frances expects M to pursue the same path that Maura had been on—applying to college to become a scientist—and continue the plans she and Maura shared. Hoping to trigger Maura's memories, Frances surrounds M with the trappings of Maura's past, but M wants nothing to do with Frances' attempts to change her into something she's not.

In order to face the future, both Frances and M need to learn to listen and let go of Maura once and for all. Talia Dutton's debut graphic novel, *M Is for Monster*, takes a hard look at what it means to live up to other people's expectations—as well as our own.

M Is for Monster is one of the titles on our Surely list which is dedicated to showcasing gay, lesbian, bisexual, transgender, queer, intersex, and asexual creators and stories.

Talia Dutton is a queer, biracial Asian cartoonist and illustrator. Flung Out of Space

INSPIRED BY THE INDECENT ADVENTURES OF PATRICIA HIGHSMITH

● BY GRACE ELLIS

A fictionalized account of infamous author Patricia Highsmith caught up in the longing and obsession that would inspire her groundbreaking work of queer fiction, *The Price of Salt*

Praise for *Flung Out of Space*

"Nobody could have done it better . . . Ellis and Templer take for granted that women can create great comics. It's queerness, not female power, that they're fighting for."
—*Etelka Lehoczky*

"This graphic novel—the funny and sad tale of a great lesbian writer's struggle to find herself—is deftly told, and the spare illustrations are infused with idiosyncrasy and energy." —*New York Times Book Review, Editors' Choice*

"Highsmith devotees will appreciate this glimpse into how a life of secrets extended beyond the pages of her fiction."
—*Publishers Weekly*

WINNER OF THE 2023 EISNER AWARD FOR BEST REALITY-BASED WORK

Flung Out of Space is both a love letter to the essential lesbian novel *The Price of Salt* and an examination of its notorious author, Patricia Highsmith. Veteran comics creators Grace Ellis and Hannah Templer have teamed up to tell this story through Highsmith's eyes—reimagining the events that inspired her to write the story that would become a foundational piece of queer literature.

Flung Out of Space opens with Pat begrudgingly writing low-brow comics. Her brain churns with images of the great novel she could and should be writing, what will eventually be *Strangers on a Train*.

At the same time, Pat, a lesbian consumed with self-loathing, is in and out of conversion therapy, leaving a trail of sexual conquests and broken hearts in her wake. However, one of those very affairs—and a chance encounter in a department store—give Pat the idea for her soon-to-be beloved tale of homosexual love that was the first of its kind: It gave the lesbian protagonists a happy ending.

Author Grace Ellis contextualizes Patricia Highsmith as both an unintentional queer icon and a figure whose problematic views and noted anti-Semitism have cemented her controversial legacy. Highsmith's life imitated her art with results as devastating as the plot twists that brought her fame and fortune.

The updated paperback edition of *Flung Out of Space* includes sixteen pages of bonus content with in-depth visual development materials and a teaching guide.

Grace Ellis burst onto the comics scene with *The Lumberjanes*, which she cocreated and cowrote. It was a *New York Times* bestselling, Eisner and GLAAD Award-winning comics series that broke the mold of both YA and superhero comics. Ellis lives in Columbus, Ohio. Hannah Templer is a queer cartoonist currently living in Baltimore, Maryland. She is the creator of *Cosmknights*, an original graphic novel series, and has illustrated covers for *Dark Horse*, *IDW*, *Valiant*, *BOOM! Studios*, *Marvel*, *HarperCollins*, and *Abrams Books*.

Washington's Gay General

THE LEGENDS AND LOVES OF BARON VON STEUBEN

● BY JOSH TRUJILLO; ILLUSTRATED BY LEVI HASTINGS

A graphic novel biography of Baron von Steuben, the soldier, immigrant, and flamboyant homosexual who influenced the course of US history during the Revolutionary War despite being omitted from our textbooks

In this graphic novel biography, author Josh Trujillo and illustrator Levi Hastings tell the true story of one of the most important, but largely forgotten, military leaders of the American Revolution, Baron Von Steuben, who brought much-needed knowledge to the inexperienced and ill-prepared Continental Army. As its first Inspector General, Von Steuben created an organizational framework for the US military, which included writing the Blue Book guide that became the standard for training American soldiers for more than a century.

Von Steuben was also, by all accounts, a flamboyant homosexual in an era when the term didn't even exist. Beginning with Von Steuben's career in the Prussian Army, Trujillo explores his recruitment by Benjamin Franklin, his work alongside General George Washington at the Battle of Valley Forge, and his eventual decline into obscurity. In *Washington's Gay General*, Trujillo and Hastings impart both the intricacies of queer history and the importance of telling stories that highlight queer experiences.

Josh Trujillo is a comic book guy based in Los Angeles. His work covers different genres, including superheroes, history, and children's fiction. In 2020, he contributed to the Ignatz Award-winning *Be Gay, Do Comics* (IDW, 2020). Trujillo is also featured in the Eisner Award-winning *Love is Love* (IDW, 2016), benefiting victims of the Orlando nightclub tragedy, and the Ringo Award-winning *Mine!* (2018), benefiting Planned Parenthood. In 2021, he cocreated Aaron Fischer for Marvel Comics. Fischer, a gay runaway, takes on the mantle of Captain America. You can learn more about Trujillo, his work, and his dogs at JoshTrujillo.com or @LostHisKeysMan. **Levi Hastings** is an illustrator and cartoonist specializing in natural science, travel, and queer history. His clients include HBO, the *Washington Post*, BuzzFeed, the *Nib*, the *Stranger*, and a variety of other publications. He lives in Seattle.

In this horror graphic novel, *American Gods* meets *Get Out* in a dark retelling of the West African legend of Anansi the Spider

In the Deep South, something evil waits in the darkness . . .

This horror graphic novel tells the story of the Turner family, who move to Alabama to care for their ailing matriarch, Vassie, when she begins suffering from dementia. But Vassie isn't just any old lady; she's the last of a line of powerful root women who have been caring for the community since her ancestors were first captured and enslaved by white plantation owners. When Patsy takes a closer look at the Turner family home, what she finds is beyond her wildest nightmares.

In a magical room beneath the house, Patsy discovers the source of her family's legendary skills: the Ghanaian spider god Anansi. Driven mad by the suffering of the enslaved Africans who worshipped him, Anansi was eventually captured and contained by Patsy's ancestors. With their legacy and the god's imprisonment in the balance, Patsy and her brother, Demetrius, will have to take up their grandmother's mantle—while she can still remember who they are.

Devour is a terrifying new fable that delivers thrills and chills in equal measure.

The Last Count of Monte Cristo

THE BOLD AFROFUTURIST GRAPHIC NOVEL

● BY AYIZE JAMA-EVERETT, ILLUSTRATED BY TRISTAN ROACH

An Afrofuturist retelling of Alexandre Dumas's classic 19th century novel
The Count of Monte Cristo

The Last Count of Monte Cristo is a bold retelling of Alexandre Dumas's classic tale of love, betrayal, revenge, and redemption. This speculative update pushes the narrative into a future hundreds of years after the polar ice caps have melted and submerged our planet into a new era of technology and culture. In this futuristic reinterpretation, author Ayize Jama-Everett and illustrator Tristan Roach revisit the original inspiration of the story—Dumas's own father. A greatly respected general during the French Revolution, Dumas was one of the highest-ranking officers of African descent in a Western army in history. Like the protagonist of his son's story, General Dumas was betrayed and spent years in prison before getting a chance to return to France. *The Last Count of Monte Cristo* is a radical and powerful graphic novel update that reclaims the cultural heritage of Dumas's tale and suggests the terrible future that could threaten the human race if we continue to destroy our planet.

Ayize Jama-Everett has traveled extensively in Africa, New Hampshire, Northern California, and Mexico. He holds an MA in clinical psychology, divinity, and creative writing. He has taught at the Graduate Theological Union and California College of the Arts, and was a school therapist for ten years in Oakland. He believes the narratives of our times dictate the realities of the future, so he's invested in working in subversive notions like family of choice, striving when not chosen to survive, and irrational optimism into his work. He lives in Harlem.

Tristan Roach is based in Barbados and holds a BFA in graphic design. He is the owner and creative director of BounceHouse Creative Studio, which utilizes mediums such as graphic design, animation, and illustration. Roach is one of the founding members of Beyond Publishing Caribbean and has worked on indie titles and his own, including *Spirit Bear*. His work in comics has earned him a Gold Angel Award, among others.

The Eightfold Path

A GRAPHIC NOVEL ANTHOLOGY

- BY STEVEN BARNES AND DR. CHARLES JOHNSON; ILLUSTRATED BY BRYAN CHRISTOPHER MOSS

From award-winning authors Charles Johnson and Steven Barnes comes a graphic novel anthology of interconnected Afrofuturistic parables inspired by the teachings of Buddha

Eight strangers looking for enlightenment from an ancient spiritual teacher are trapped in a cave high in the mountains on their way to his temple. One of his acolytes directs them to each tell a story that the group can learn from as they wait out the horrible snowstorm that rages outside the cave's entrance.

One by one the travelers each share a story that, unbeknownst to them, is actually a morality tale representing one of the aspects of final enlightenment as taught in Buddhism. As the wind howls through the night, they tell symbolic stories of horror, dystopia, high adventure, cyberpunk, and urban fantasy. Each story is a spoke on the symbolic Dharma wheel, and each interlocking tale gets the travelers closer to their true destiny—unveiling the future of the entire human race.

This remarkable collection borrows heavily from the traditions of pop-culture morality anthology series such as *The Twilight Zone*, *The Outer Limits*, *Night Gallery*, *Lovecraft Country*, and the publications of E.C. Comics. Heavily influenced by the science fiction pulps of the 1950s and 1960s, this brilliant collection remixes classic social narratives such as Plato's *Allegory of the Cave*, Chaucer's *The Canterbury Tales*, and *The Arabian Nights*, through an edgy, contemporary, yet spiritually centered lens. In *The Eightfold Path*, our destinies lie in heeding the lessons given in every one of these entrancing tales.

Steven Barnes is the *New York Times* bestselling, NAACP Image Award-winning author of more than 30 novels. Nominated for Nebula and Hugo awards, writer of the Emmy-winning "A Stitch in Time" episode of *The Outer Limits*, and winner of the Octavia E. Butler Memorial Award, Barnes is a pioneering Afrofuturist writer, and one of the most honored voices in the field. He lives in Los Angeles. **Dr. Charles Johnson** is a professor emeritus at the University of Washington and author of 23 books. A MacArthur Fellow, Johnson has received a 2002 American Academy of Arts and Letters Award for Literature, a 1990 National Book Award for his novel *Middle Passage*, and many others. He lives in Seattle, Washington. **Bryan Christopher Moss** was born and raised in Columbus, Ohio. His commercial clients include Cirque du Soleil, Marvel Comics, Sprite, and a partnership with the Greater Columbus Arts Council. He curated, installed, and even showed his own work in his latest exhibition at King Arts Complex, "The Black Panther: Celebrating 50+ Years of Black Superheroes."

Fall Through

A GRAPHIC NOVEL

● BY NATE POWELL

Love and Rockets meets *Russian Doll* in this all-new graphic novel about an underground punk band caught in a loop of an eternally repeating tour—from National Book Award-winning cartoonist Nate Powell

At first glance, Diamond Mine seems to have emerged in 1979 as Arkansas' first punk band. Instead, this quartet is revealed to be interdimensional travelers from 1994, guided—largely against their will—by vocalist Diana's powerful spell embedded into their song "Fall Through."

As Diamond Mine tours the country, each performance of the song triggers a fracturing of space-time perceptible only by the band members as they're transported to alternate worlds in which they've never existed, but their band's legend has. That is, until Jody, the band's bassist and the story's protagonist, finds herself disrupting Diana's sorcery, even at the cost of her own beloved work and legacy. While some band members perpetually seek the free space offered by the underground punk scene to escape from their mundane or traumatic lives, others work toward it as a means of expression, connection, and growth—even if that means inevitably outgrowing their beloved band—family altogether.

Master cartoonist Nate Powell has crafted a graphic novel that serves as both a brilliant example of circular storytelling, reminiscent of Netflix's *Russian Doll*, and a love letter to the spirit of punk communities. *Fall Through* will stay with the reader long after they've turned the last page, asking the impossible question: Would you burn down everything you love in order to save it all?

Nate Powell is a National Book Award-winning cartoonist whose work includes *Save It for Later*; civil rights icon John Lewis's March trilogy and its follow-up *Run: Book One*; *Come Again*; *Two Dead*; *Any Empire*; and *Swallow Me Whole*. Powell's work has received four Eisner Awards, two Ignatz Awards, the Comic-Con International Inkpot Award, and multiple ALA and YALSA distinctions. As for his music career, Powell was introduced to the hardcore punk community in 1991, and played in various bands, including underground legends Soophie Nun Squad and Universe. SELLING POINTS

ACCLAIMED CREATOR: Powell is a National Book Award-winning cartoonist whose work on the historic March trilogy and *Run: Book 1* has garnered him national attention both within and outside the comics industry.

SILVER#1

Silver: Of Treasures and Thieves

A GRAPHIC NOVEL

● BY STEPHAN FRANCK

A rollicking vampire-filled graphic novel heist that will keep you guessing until the very end for fans of Bram Stoker's *Dracula* and Ocean's Eleven from award-nominated animator and comic book creator Stephan Franck

There are only two kinds of objects in this world. The ones that shine and the ones that don't.

JAMES FINNIGAN, master thief, only concerns himself with objects from the first category. Those objects don't hide in plain sight. They hide in dark places.

When Finnigan loses his grifter gang's entire fortune in a job gone wrong, he's desperate to make amends. He stumbles on his chance to do so in the crypt of the Harker Foundation, where he finds a bar of pure silver and a notebook that tells of the Silver Dragon, an ancient, immeasurable treasure beyond imagination. It's a tall tale, but also Finnigan's only lead. To make up for what he's lost, he formulates the heist of the millennium in search of the Silver Dragon. There's just one catch: the famed treasure is said to be hidden in a castle full of vampires.

Set in the noir-pulp era of the 1930s in a world where Bram Stoker's *Dracula* is more fact than fiction, *Silver* is a genre-bending, rip-roaring romp that's equal parts gothic horror and pure adventure. With its ensemble cast of misfits, beautifully sharp art, and whip-smart humor, Stephan Franck has struck gold in the first of this critically acclaimed duology.

Stephan Franck is an award-nominated animator/writer/director/comic book creator, who supervised the animation of MARVEL STUDIO's "WHAT IF...?" season 1, and is currently directing new episodes of the series. He was a supervising animator on the cult classic THE IRON GIANT, and contributed story to DESPICABLE ME. He co-created the animated TV series CORNEIL & BERNIE (Nicktoons – Hub Network), received an Annie Award nomination for Best Director In a TV Program for the featurette SMURFS: THE LEGEND OF SMURFY HOLLOW. Equally active in comics, Stephan founded the comic-book publishing company DARK PLANET. His graphic novel debut SILVER earned a nomination for the prestigious Russ Manning Award at San Diego Comic Con's Eisner Awards, and it is now published by Abrams ComicArts.

SELLING POINTS

AWARD-WINNER: *Silver*, Franck's graphic novel debut under the Dark Planet imprint, earned a nomination for the prestigious Russ Manning Award at San Diego Comic-Con in 2014 and a 2015 Geekie Award nomination for Best Comic/Graphic Novel. *Silver* also landed on ComiXology's Essential Reads list.

HIGH-PROFILE TALENT: Franck, a movie animator, has worked on cult classics and beloved franchises alike—from *The Iron Giant* and *Space Jam* to the Despicable Me franchise and *Spiderman: Into The Spider-Verse*.

Frank Miller's Pandora (Book 1)

- WRITTEN BY FRANK MILLER, ANTHONY MARANVILLE, AND CHRIS SILVESTRI;
ILLUSTRATED BY EMMA KUBERT

From legendary creator Frank Miller comes a dark, modern fairy tale about a teenage girl searching for a perfect world. But not all is what it seems . . .

From Frank Miller's new publishing initiative, Frank Miller Presents, comes the collected edition of *Pandora* (self-published initially in 2022–23 as six comics). Inspired by the illustrated fairy tales Miller read with his mother growing up, *Pandora* focuses on an endlessly curious girl named Annabeth. Unpopular at school, unhappy at home, and struggling to feel like she belongs, everything changes for Annabeth when she stumbles across a flower-shaped relic with the power to warp reality. Determined to change her dissatisfying everyday life, Annabeth starts to change the world around her, and as she does, she sows the seeds of impending chaos in her wake.

Co-written by Anthony Maranville and Chris Silvestri, who previously teamed up on *Star Trek: Discovery*, and illustrated by Emma Kubert, daughter of Marvel Comics artist Andy Kubert, and granddaughter of industry legend Joe Kubert, founder of the Kubert school, this celebrated creative team brings to life a story that is unlike any Miller has told before, while still distinctly retaining his iconic storytelling touch.

New readers and longtime Miller fans will both be drawn to *Pandora* as the mystery unfolds and the true cost of Annabeth's magic is revealed.

Frank Miller is regarded as one of the most influential and prominent creators in the comic book industry today, known for his intense, hard-boiled storytelling and gritty noir aesthetic across comics, novels, and film. His most notable works include *300*, *Ronin*, the Sin City series, *Batman: The Dark Knight Returns*, and *Batman: Year One*, among others. He has received numerous awards, including two Harvey Awards for Best Graphic Album of Original Work in 1998 and Best Continuing Series in 1996; and six Eisner Awards, including those for Best Writer/Artist, Best Graphic Novel Reprint, Best Cartoonist, Best Cover Artist, Best Limited Series, and Best Short Story. In 2015, Miller was inducted into the Will Eisner Award Hall of Fame for his lifetime of contributions to the industry. **Emma Kubert** is a freelance comic book artist, writer, co-creator, penciler, and colorist of Image Comic's Inkblot series, and graduate of the Kubert School. She is the daughter of Marvel cover artist Andy Kubert and granddaughter of industry icon Joe Kubert.

Anthony Maranville is a television writer who has previously written for the Emmy, Saturn, and GLAAD Award-winning *Star Trek: Discovery* and the Emmy Award-nominated *Star Trek: Short Treks* episode "Ephraim and DOT." He also directed the award-winning documentary *Mimi Vang Olsen: Pet Portraitist*. **Chris Silvestri** is an award-winning television writer who has worked on shows such as *Star Trek: Discovery*, NBC's *Hannibal*, Netflix's *Brainchild*, and *Star Trek: Short Treks*. TWISTED FAIRY TALE: As Miller steps out of his comfort zone to deliver a story from the point of view of a young girl, *Pandora* seems like a typical wish-fulfillment fairy tale at first, but soon spirals into a unique and twisted romp through a goblin world where not all is as it seems. Miller's touch brings an element of the unexpected to the classic myth of Pandora. The fantasy element of the work will help this title transcend the traditional audience for Frank Miller's storytelling as a crossover title, while showing longtime fans a new side of Miller's work.

Up-and-coming talent Emma Kubert is part of a long legacy of comics artists, beginning with the legendary founder of the Kubert School, Joe Kubert, and her father, award-winning comics artist Andy Kubert. Breaking the Chain

THE GUARD DOG STORY

- WRITTEN AND ILLUSTRATED BY PATRICK MCDONNELL; INTRODUCTION BY ROB THOMAS AND MARISOL THOMAS OF SIDEWALK ANGELS

From the award-winning syndicated comic strip *Mutts*, the long-awaited “Guard Dog” story is now collected and presented in full color along with supplementary material, timed for the 30th anniversary

“McDonnell kindly and gently breaks the reader’s heart over and over again, and does so with such gentleness and grace that the reader, by the end, is in a state of elevated bliss.” — Jules Feiffer

Guard Dog made his debut in the *Mutts* comic strip in 1995 and quickly became one of the strip’s most beloved characters. As a chained dog longing for freedom, he’s played an important role in raising awareness about the cruelty of tethering and has inspired countless *Mutts* readers to become involved in animal welfare.

In October 2023, nearly three decades after his debut, Guard Dog’s freedom story began to unfold in newspapers and online. After being abandoned by his owner, left alone and suffering, Guard Dog was discovered by his animal friends Mooch and Earl, and ultimately rescued by Doozy, a kindly neighborhood girl, and Ozzie, Earl’s guardian. After years of visiting Guard Dog to provide him with comfort and support, Doozy adopted him—marking the end of a long life of neglect and the beginning of one filled with love and safety.

The story line concludes with Guard Dog not only getting a new home but also a new name—Sparky—a nod to Patrick McDonnell’s greatest artistic inspiration, Charles M. Schulz, creator of *Peanuts*.

As Guard Dog found his happy ending, McDonnell received requests from readers all over the world, many of whom had been invested in Guard Dog’s plight for decades, hoping that the long-anticipated story would be made into a book. This collected volume answers the demands of those passionate readers.

Brought to life with Patrick McDonnell’s warm and intimate art, and featuring the complete story, now in color for the first time, *Breaking the Chain* is an emotionally resonant vignette whose grounding in the real-life animal neglect issues that affect millions of chained dogs worldwide will move both long-time *Mutts* fans and first-time readers.

Patrick McDonnell is the bestselling author, illustrator, playwright, painter, and creator of the comic strip *Mutts*, which appears in more than 700 newspapers around the world. He has received numerous awards internationally, including a Caldecott Honor and the Reuben, the highest honor given by the National Cartoonists Society. He is the author of *The Art of Nothing* (Abrams ComicArts, 2019) and *The Super Hero’s Journey* (Marvel Arts, 2023). He lives in New Jersey.

Uncle Sam

SPECIAL ELECTION EDITION

● WRITTEN BY STEVE DARNALL; ILLUSTRATED BY ALEX ROSS

Out of print for over a decade, the long-awaited reissue of the classic Vertigo miniseries *Uncle Sam* by Steve Darnall and Alex Ross is a sharp political fever dream praised by *Kirkus* as a “truly subversive graphic novel” and “a damning account of American political history that also affirms basic democratic ideals”

Uncle Sam: Special Election Edition is a vibrant, hallucinatory tour of modern America—the story of a star-spangled, ragged vagrant named Sam who is guided by the voices in his head and his own fractured memories. Absorbed by history—traveling visions of America’s dark past, Uncle Sam struggles to remember his true identity and piece together the scattered clues of his own experiences in this deep and thoughtful look at America’s checkered past.

Meticulously researched by Steve Darnall and fully painted by Alex Ross, *Uncle Sam* returns in print just when it is needed most—in time for the 2024 presidential election—as a reminder of American ideals, the promise of our nation, and the democracy that is at stake.

Originally published by DC, and out of print for over a decade, this expanded and updated Special Election Edition is brought to readers by Abrams in collaboration with DC.

Steve Darnall first worked with Alex Ross when the two collaborated on a Human Torch story that served as the inspiration for the award-winning 1993 series *Marvels*. Steve served as a consultant on the movie *Being the Ricardos* and Ken Burns’s documentary *Country Music*. He is also the editor of *Nostalgia Digest* magazine, and the host of two weekly radio shows dedicated to the golden age of radio. **Alex Ross** studied illustration at the American Academy of Art in Chicago, then honed his craft as a storyboard artist before entering the comics field. His miniseries *Marvels* opened a wider acceptance for painted comics. In 1996, he moved on to produce the equally successful *Kingdom Come* for DC Comics. Ross is also the writer and artist of *Fantastic Four: Full Circle*—the award-winning national bestseller—and *The Alex Ross Marvel Comics Poster Book* and *The Alex Ross Marvel Comics Super Villains Poster Book*

Praise for *Uncle Sam*

“The most eloquent use of a superhuman archetype for a great many years, Darnall and Ross have, with *Uncle Sam*, produced a luminous and moving study of America’s iconographic landscape, at once an indictment and a reclamation of the nation’s oldest and most venerable symbol. As a portrait of a fond American dream at last waking to itself, *Uncle Sam* is genuinely inspiring and deserves to be read more than once. Highly recommended.” —Alan Moore, *Watchmen*, *V for Vendetta*, and *Batman: The Killing Joke*

TIMELY SUBJECT MATTER:

With the election coming in November 2024, the message of *Uncle Sam* is as relevant as it was when it was first published in 1997, with nationalist sentiment and political division running higher than ever. Our Fall 2024 *Special Election Edition* of this out-of-print classic by Steve Darnall and Alex Ross is timed perfectly for our current conversations about the state of our country.

INCREDIBLE CREATIVE TEAM:

Alex Ross’s art makes Steve Darnall’s words jump off the page, bringing pathos to the journey of Sam as he tries to recollect where his vision for America went wrong. Ross expertly captures both the mundane suffering of everyday Americans and the gravitas of the weight of American history. *Uncle Sam* would feel trite if executed by a less skilled team, brought fully and expertly to life in a medium Ross helped to define.

NEW CONTENT: In addition to reprinting the introduction by journalist Greil Marcus, Alex Ross has created a new cover and a new afterword, and writer Steve Darnall adds a new afterword and an expanded, illustrated essay on the history and iconography of Uncle Sam.
