New and Classic Italian, English, and French Recipes for Cakes, Cookies and Other Desserts

With her extraordinary spirit and talent, Melissa Forti lives her life baking one cake at a time. A pastime at first, baking became her passion and her profession. Today, she serves her unique and delicious cakes in her recently opened Café Duse in Copenhagen, Denmark.

In her new book, Melissa shares the story of her culinary journey. Starting with her heritage, she focuses on typical recipes from her native Rome — including ricotta cheesecake, biscotti, and zeppole — accompanied by gorgeous images of the Eternal City. She chronicles her personal and professional evolution as a baker with images from her stylish new cafe and personalized recipes for tiramisu, red velvet cake, meringue, and others. Finally, she looks to the future, with classic bakes updated for contemporary diets, including vegan chocolate cake, gluten free pound cake, and dairy free apricot galette. Beautifully illustrated and filled with recipes for cooks at every level of expertise, this new offering from a hugely popular author is as inspiring as it is satisfying.

The Art and Craft of Japan's National Drink

Sake is more than just a beverage — it is an art form deeply embedded in the fabric of Japanese heritage. Expertly researched and written by one of the few women to be awarded the prestigious Master of Sake Tasting qualification, this sumptuous, wide-ranging volume features lavishly illustrated chapters that explore the beverage's role in Japanese history and tradition; its production, key ingredients, and sourcing; aroma and taste profiles; and pairing it with food. Filled with beautiful full-page photographs, this book showcases the rituals and customs of sake drinking and profiles prominent rice farmers and brewers. It illustrates the different varieties of rice and the fundamental production processes from rice-polishing to aging. Readers will learn about sake tasting, various types of drinking vessels, and the fundamental flavors and styles of Japanese cuisine. Breathtaking in its sweep and allure, this uniquely comprehensive book invites enthusiasts and connoisseurs alike to immerse themselves in the history, culture, and craftsmanship behind every glass of Japan's famed rice wine.

Bianca Brien has been an editor for ten years now. She started her career as a freelance journalist while studying for an MA in media and communication, and now works as a multimedia editor for a public broadcaster.

FRANCA CERUTTI

Feel Free to Say No

HOW TO SAY NO WITHOUT FEELING GUILTY – LESS STRESS, MORE
CONFIDENCE, HEALTHIER RELATIONSHIPS

Date of publication: May 30, 2024

b/w 22

By saying NO you're in fact saying YES: to being more relaxed, to your own plans, to YOU

Via easy-to-follow steps and practical exercises, psychotherapist and podcaster Cerutti explains how to learn to say no. With thoughtful questions and useful advice for how to navigate everyday interactions with others, "Feel Free to Say No" will empower you to remove the obstacles in your way, and finally stand up for yourself.

This interactive workbook is your own personal guide on the road to becoming more self-confident and learning how to set clear boundaries, using proven techniques and strategies. To be able to focus on others without losing your sense of who you are, you need a healthy relationship with yourself – and this book will help you establish your own needs and limits.

- Targeted questions to help you discover your needs and boundaries
- Develop a strong sense of self-worth, and practice long-term self-care
- Prompts for reflection and practical exercises
- Useful advice on how to express your needs confidently, but also diplomatically

Franca Cerutti

© Amanda Dahms

Franca Cerutti is a qualified psychologist and mother of three. She has worked at various different hospitals, before specialising in group therapy and setting up her own behavioural therapy practice. For more than twenty years now, she has helped clients disentangle emotional imbalances, providing hands-on support to help them attain clarity. In 2019 Cerutti started up her own podcast, Psychology to Go, where she talks about everything under the sun and examines issues she comes across in her work. She is also a speaker, TV and radio expert and author.

MARTIN OSTER, ANNE PAMPERIN

Smart Energy at Home

JOIN THE ENERGY REVOLUTION: PHOTOVOLTAICS, E-MOBILITY, NETWORKED HEAT PUMPS AND MORE – HOW TO GENERATE, SAVE AND USE ENERGY EFFICIENTLY

Date of publication: June 05, 2024

46 colour images

Energy transformation at home: don't go without – optimise!

"Smart Energy at Home" is the ultimate guide to greener, more independent energy usage. In this accessible step-by-step guide, experts Pamperin and Oster explain how to apply photovoltaics, battery storage, heat pumps and more for your own personal use. From defining your baseline and planning your project, to cost-benefit ratios and the legal stuff – here, you find everything you need to know to create, save and use energy sustainably at home.

- For beginners: How to travel and heat your home efficiently – how does dynamic energy pricing work?
- What makes sense, financially? Costs, available grants and what the law says
- How? Practical tips, model calculations and real-life examples to help you create your own private energy framework

Montessori Made Simple

A GUIDE TO PLAYFUL LEARNING FOR PARENTS OF CHILDREN AGED 0–6: MINDFULNESS, SELF-CONFIDENCE AND INDEPENDENCE – WITH STEP-BY-STEP INSTRUCTIONS, AND PLAY & CRAFTING IDEAS FOR YOUR FAMILY

Date of publication: June 26, 2024

How to create a mindful space at home, where your child can learn to love itself and stand on their own two feet

"Montessori Made Simple" is a comprehensive introduction to the Montessori philosophy for parents of kids aged 0–6 years. Follow these steps to instill self-confidence in your child and help them focus, attain social skills and foster their creativity – a solid foundation for lifelong learning.

With a wealth of useful tips and instructions for how to implement Montessori principles in your own family life:

- What potential does my child already have, and how can I best support them in developing their abilities?
- How can I create a child-friendly and inspirational home?
- What activities are the most useful in terms of my child's development?
- How can I help my child grow into a confident, independent and happy adult?

Using real-life examples and family photos, and packed with additional material such as checklists, recommended products and prompts for reflection, turning theory into practice has never been easier.
